STOCK TEAM POOL

A modern, multi-level office lounge area. In the foreground, there's a curved bar with a wooden top and a dark, ribbed metal base. Four high-top stools are lined up along the bar. Two of the stools have patterned seat cushions: one with a dark background and light-colored citrus slices, and another with a dark background and light-colored floral patterns. The background shows a multi-level office space with a curved balcony. On the balcony, there are several bottles of liquor (including Jack Daniel's) and glasses. The lighting is warm and ambient, with recessed lights in the ceiling and under the bar. The overall atmosphere is sophisticated and contemporary.
